## MEXICO STARS EXPEDITION IN THE YUCATAN

During this expedition you will be able to discover Yucatán's most precious hidden gems in a grand signature style.

*Enjoy the beauty of the land, the warmth of the people and the mysticism of the Mayan culture in this special program.*

### Day 1: Temozon

Arrival to magnificent Hacienda Temozón, dating from the seventeenth century, now beautifully restored and refitted as an exclusive luxury hotel member of the Starwood Luxury Collection.

**Evening** "Under the Stars Dinner" in the grounds of the Hacienda

### Day 2: Living Haciendas & Merida

**Morning:** We visit Hacienda Sotuta de Peón, one of the last operating henequen-producing haciendas in existence. Here you'll observe centuries-old techniques used to fashion the fiber that once enriched the entire region and is now the base material for highly acclaimed artisanal artworks.

**Lunchtime:** A splendid Yucatecan meal awaits you at Hacienda Teya

**Evening:** A visit to Merida, the aristocratic capital of the Yucatan and dinner at the Posh Rosas & Xocolate Hotel for a marvelous, much-deserved gourmet dinner.

### Day 3: Uxmal and Celestun

**Morning:** We explore the Celestún Biosphere, an almost overwhelming nature reserve situated on the Yucatán's Gulf coast. Small boats take us to the biosphere estuary and its surrounding mangrove forests where we can observe flamingoes and dozens of other avian species up close. Then there's swimming in a natural spring and a visit to the port of Celestún, an authentic fishing village seemingly suspended in time. To finish off a perfect morning, we spend some time on the beach.

**Lunchtime:** at a beachside restaurant for fresh fish or shellfish, specially prepared Yucatán style.

**Evening** Private visit to Uxmal, one of the Yucatán's most complex and majestic sites. Its structures are laid out in relation to astronomical phenomena, such as Venus's celestial rise and fall. In the company of your expert archaeologist guide, Uxmal comes to life before your eyes and your visit becomes a once-in-a-lifetime learning opportunity.

**Day 4**

**All day** enjoy the Hacienda Temozon and get ready for your flight home
